HOLIDAY ASSIGNMENT

CLASS: VII
SUBJECT: ENGLISH

Instructions / Guidelines
a) Your full name and class must be written clearly on the cover.
b) Make the cover page attractive
c) Each item must begin on a fresh page.
d) Overall Presentation – neatness/ grammar/ spellings / illustrations.

   a) introduction
   b) A short note on the author
   c) Synopsis (summary of the book)
   d) List the characters in the story and briefly describe the main characters.
   e) Character and incident that you like / dislike the most, along with reasons for the same.
   f) Critical appreciation
   g) Your opinion about the book
   h) Conclusion

   Please note that your Book Review must be hand written and authentic.

2. We should extend our kindness to everyone, from all walks of life. Write a speech based on the given statement on the lesson ‘Pip’s Adventure’.

3. On the occasion of Environment Day two posters have been put upon the display board in your school. Visitors ask you questions about the meaning and significance of these posters. Expand them in two short paragraphs as if you were explaining them to the visitors.

   A tree is lovely like a poem. Admire it!

   Birds and animals have feelings. Don’t be unkind to them.

3. The Literary Club of your school is organizing a short story competition for students from class 4 to 8. Draft a notice with all relevant details.

4. Street children are blatantly abused. They are overworked, underpaid and undernourished. This results in high child mortality. The cure would be education for all and hostels and homes for the orphans.

   Design a pamphlet to be put up in your school display board to create awareness. You may use ‘street children are our responsibility’ as the slogan.

5. Revise all the portions that have been covered including the class test and periodic test.

6. Write a letter to your friend inviting him/ her to spend the summer vacation with you at Shimla. Tell him/ her how you intend to spend holidays with him/ her.
I. Answer the following questions:

1. Name two insectivorous plants.

2. Which type of plant is amarbel (mode of nutrition)?

3. In which part of the digestive system absorption of water takes place?

4. Name the multicellular organism which ingests the food with the help of tentacles.

5. What products are formed when an acid reacts with a base?

6. Why is kink provided in the capillary tube of a clinical thermometer?

7. Define the following:
   a) life process  
   b) ingestion  
   c) heat energy  
   d) food web

8. What is canopy? Describe the layers (understoreys) present below it.

9. Write the difference between saprophytic nutrition and parasitic nutrition.

10. Write the difference between autotrophic and heterotrophic nutrition.

11. What is the difference between conduction, convection and radiation.

12. How does a blanket keep warm in winter, but prevent ice from melting?

13. Name any three indicators and state the colour change, which take place in (i) acids (ii) bases.

15. Give four difference between acids and bases.

16. Why farmers add slaked lime to acidic soil?

17. How does digestion takes place in ruminants? Draw the diagram.

18. Explain through diagram ingestion of food in amoeba.
19. Draw the human digestive system. Write the enzymes/juices released by the following:
   a) Salivary glands  b) Stomach  c) Liver  d) Pancreas

20. What do you understand by the term neutralisation? Write an equation for the reaction in which hydrochloric acid neutralizes sodium hydroxide.

II. **Prepare the following:**

1. Prepare a working model of human digestive system. (Roll No. 1 to 12).
2. Prepare a working model of respiratory system. (Roll No. 13 to 23).
3. Prepare a working model of excretory system. (Roll No. 24 to 35).
4. Prepare a working model of thermometer. (Roll No. 36 to 47).
